

Below is a translation of a letter that we received recently from the Gomez-Zazueta family. We built a house for them in April, 2009.

Hello friends and God bless.

How are you? We thank God very much for you.

These letters I write are not in English so I hope you understand.

I want to thank all of you and the church. May God give you more blessings to help families in need. I thank God for all His attention to us that He has shown us through you, friends.

The month of April is very special to us because we have lived one year in our new home. We are thankful to God and to you for your great love. Thanks for each of you for your hospitality to us. You might not remember us but I tell you that you are always in our hearts and we pray for every one of you every day.

May God protect you and bless you forever.

And this I pray, that your love may abound yet more and more in knowledge and in all judgment. Philippians 1:9

Love always from our family,

Crecencio, Maricela, Victor, Carolina, Yazmin, Angel and Cristo Gomez Zazueta
