

November 2008

Dear Friends and Loved Ones,

The Lord gave us a wonderful treat. We ran into three of our closest Singaporean friends from our old church plant in Toronto. We left this church 23 years ago when we started work on a Ph. D. We recently ran into Jonathan and Ping Koh and Swee-Ling Wong. Jonathan and Ping weren't married when we last saw them. Now they are married and have three lovely teenage children. Swee-Ling is married to a wonderful man, Paul, and has four children! We had dinner two consecutive nights at each home and had a wonderful time sharing from the past. Ping still had her baptismal picture of me baptizing her all those years back! Jonathan has a van and helped us move from our temporary home to our permanent one. He also helped with the move of my books and files into my seminary office. What a special friend. What a special confirmation of our presence in Singapore. We are working with Jonathan's sister at the seminary. Isn't it remarkable after all these years and in the midst of 6 billion people that we would be working with a close friend's sister and have opportunity to renew our friendships.

Verse of the week: "The mind of man plans his way, but the Lord directs his steps." Proverbs 16:9

All our love in Jesus,

Chris and Faith
